5 Steps Procedure from Insurance & Security to Survey & Transport the Gold

(BRINKS / MALCA-AMIT / SECURICOR / G4S)

1

Buyer issue **ICPO** via SWIFT MT799 from their Bank

Sent to Seller's Bank

* to confirm that both Buyer's & Seller's Bank is corresponding each other, start bank communication with **RMA MT999**

2

After received ICPO from Buyer, Seller response with **Invoice** issuance

Attached in the Invoice **PPOP:**
- Location of the Bullion Gold
- Bullion Bar Hallmark
- Packing List & Product Quantity
- Transportation & Insurance Company
- Shipment Schedule

3

With ICPO, SPA & Invoice as underlaying,

Buyer's Bank issue MT700 / MT760:
- Fund is blocked in Buyer's Account

NOT BEING MOVED

- Only acted in purpose as a **Payment Guarantee**
- Locked the Commodity & Price

4

After MT700 / MT760 is Verified & Confirmed,

Insurance & Security will allow Buyer & Personnel to visit Vault Safe Bonded Warehouse of the Insurance & Security

Survey check of the Physical Au with Scanner/Spectrometer/X-Ray/Any Method the Buyer would like & believed in

Including verifying Unique Serial Number & Certificate matching with the Bullion Bar

5

Insurance & Security transport Bullion Gold to designated Buyer's place specified in SPA:

- Bank
- Vault Safe Bonded Warehouse
- International Reputable LBMA Refinery

Finish

AFTER Au Received by Buyer,

and **Refinery Final Assay Report**

Buyer releases Payment T/T, Wire Transfer via SWIFT MT103

Equivalent value of the received Au, within 24 hours

Full Set of Au Document & Certificate, will be sent from Seller's Bank to Buyer's Bank → using Bank-to-Bank Communication only, SWIFT MT600 – **Commodity Trade Confirmation**

GENESIS PURE BULLION GOLD
